

SHREYASH VERMA

PYTHON DEVELOPER | AI APPLICATION DEVELOPER | WEB DEVELOPER

Building AI-powered applications and web solutions.
Passionate about solving real-world problems and sharing knowledge.

ABOUT ME

BCA student with strong foundation in Python, AI applications, and web development. I build intelligent solutions that solve real-world problems. Alongside development, I simplify complex tech topics for students through educational content that has reached 1.7M+ people.

EDUCATION

Bachelor of Computer Applications (BCA)
Rajiv Academy for Technology and Management, DBRAU

- 2025 - 2028
- 2nd Semester
- CGPA: 7.6/10 (1st Sem)

PROJECTS

TypeMind – Context-Aware AI Writing Assistant

PROTOTYPE

- Built an AI writing assistant that adapts to user intent, tone & context.
- Designed system architecture and developed responsive web prototype.
- Integrated LLM APIs for content generation and rewriting.
- Implemented adaptive personas, memory & translation features.

AI Content Creator – AI-Powered Video Assistant

IN DEVELOPMENT

- Analyzes short-form videos and generates captions, hashtags & titles.
- Built initial UI/UX and AI analysis workflow.
- Integrating LLM APIs for smart content suggestions.

AI Hand Gesture Controller

CONCEPT

- Conceptualized a touchless computer control system using hand gestures.
- Planned implementation using Python, OpenCV & MediaPipe.
- Designed gesture recognition logic and mapping to system controls.

GPS Bus Tracking System

CONCEPT

- Planned a GPS-based system to track buses in real-time.
- Designed user workflow, ETA prediction & notification system.
- Planned integration with Maps API, backend & database.

ACHIEVEMENTS

Multiple
AI Prototypes
Built

100+
Educational
Videos

Active
Open Source
Learner

Consistent
Growth &
Learning

INTERESTS

- Artificial Intelligence
- Backend Development
- Computer Vision
- System Design
- Tech Research & Learning

TECHNICAL OUTREACH

Simplifying AI, programming, computer architecture and emerging technologies through educational content.

SKILLS

PROGRAMMING LANGUAGES

Python C JavaScript

WEB DEVELOPMENT

HTML CSS Tailwind CSS

AI & APIS

Gemini API OpenAI API Claude API

LangChain

TOOLS & PLATFORMS

VS Code Git GitHub Postman

Vercel Render Netlify Canva

DATABASES

MySQL SQLite

OTHER SKILLS

Problem Solving API Integration

Computer Vision (Basic) OOPs

CORE STRENGTHS

- Self-motivated & Quick Learner
- Strong Problem Solving Skills
- Analytical & Logical Thinking
- Excellent Communication
- Consistent & Disciplined
- Passionate about Technology
